Precise Pitot Static

N # 4675E

Serial # 18268259

ACTT 2546.6

WO # 1027

The static pressure system was inspected and tested, and the altimeter instrument was calibrated to an altitude of 20 thousand feet in compliance with FAR 91.411 and FAR 43 Appendix E. The ATC transponder was tested and inspected in compliance with FAR 91.413 and FAR 43 Appendix F. Automatic altitude reporting equipment was tested and calibrated in compliance with FAR 91.411. All work was performed IAW current FAA regulations and is approved for return to service. Pertinent details of this repair or inspection are on file at this repair station under the work order indicated above.
