Northwest Propeller Service warrants this product to be free of defects in workmanship and materials under normal use and service for a period of: _____ months or _____ hours which ever comes first.

Northwest Propeller Service obligation under this warranty will be to repair any warrantable unit at the discretion of the Northwest Propeller Service Overhaul Facility.

No field repairs are authorized and any tampering with or breaking of seals will invalidate any and all warranties of this product.

In application for warranty it is the customers responsibility to return this product with any freight and handling services "pre-paid", with verification of the installation and removal dates of the warranted item (i.e. copies of the log book entries or work orders.)

Warranty will not be valid unless the above information is received with the part.

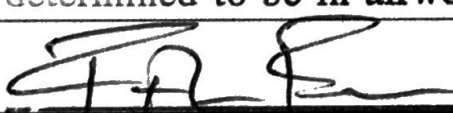

THIS WARRANTY DOES NOT COVER OR INCLUDE ANY LABOR CHARGES.

1. Approving National Aviation Authority/Country: FAA/United States		AUTHORIZED RELEASE CERTIFICATE FAA Form 8130-3, AIRWORTHINESS APPROVAL TAG				3. Form Tracking Number:

User/Installer Responsibilities							
<p>It is important to understand that the existence of this document alone does not automatically constitute authority to install the part/component/assembly.</p> <p>Where the user/installer performs work in accordance with the national regulations of an airworthiness authority different than the airworthiness authority of the country specified in Block 1, it is essential that the user/installer ensures that his/her airworthiness authority accepts parts/components/assemblies from the airworthiness authority of the country specified in Block 1.</p> <p>Statements in Block 14 and 19 do not constitute installation certification. In all cases, aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.</p>
